Climate Change and Law

Olcott, C. and E. Penn. (2013) Adaptive Planning for Flooding and Coastal Change in Virginia: State and Local Areas of Action. Virginia Coastal Policy Clinic. Report provides an overview of current state and local laws and programs that could inform adaptation efforts in Virginia.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/adaptiveplanning.pdf>.

Horning, A. (2013) Overview of a City's Tort Liability Duties to Maintain and Protect Local Government Services from Sea Level Rise: Poquoson Case Study. Virginia Coastal Policy Clinic. Report analyzes how a city's actions and inactions pertaining sea level rise could be challenged by injured businesses and property owners using a negligence theory of tort liability.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/citytortliability.pdf>

Saunders, M. (2013) The Dillon Rule & Norfolk Sea Level Rise. Virginia Coastal Policy Clinic. Report analyzes the limited impact the Dillon Rule should have on local efforts to address flooding and sea level rise.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/dillonrulenorfolk.pdf>

Boyer, M. and E. Penn. (2013) Tidal Turmoil: Environmental Justice and Sea Level Rise in Hampton Roads, Virginia. Virginia Coastal Policy Clinic. Report describes potential environmental justice issues that may arise in Norfolk, Virginia, as the city attempts to address sea level rise.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/tideturmoil.pdf>

Marmet, B. (2013) Using Zoning Tools to Adapt to Sea Level Rise: A Poquoson Case Study, Virginia Coastal Policy Clinic. Report analyzes the challenges a Virginia city may face if it attempts to use strategies like downzoning and restrictive flood plain regulations to affect retreat from flood-prone areas.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/zoningtools.pdf>

Whitehurst, E. (2013) Norfolk's Flooding Adaptation Measures: Taking Lawful Precautions or "Takings" Lawsuits?, Virginia Coastal Policy Clinic. Report analyzes whether three adaptation measures would open the city of Norfolk up to "takings" claims brought by private citizens.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/norfolkflooding.pdf>

Block, K. (2013) "Takings" Liability for Vacating Roads in Flood-Prone Areas: Poquoson Case Study, Virginia Coastal Policy Clinic. Report analyzes whether the city of Poquoson has the authority to vacate roads under Virginia law as long as it follows statutory procedures and whether doing so may open it up to "takings" claims.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/takingsliability.pdf>

Doty, D. and C. Olcott. (2013) The Virginia Supreme Court's 2012 Livingston Case: Localities and the Risk of "Takings" Claims for Failure to Properly Maintain Flood Control Structures. Virginia Coastal Policy Clinic. Report analyzes a recent case concerning whether inaction or a failure to properly design and maintain public works and flooding control structures can create liability under constitutional "takings" provisions that restrict the degree to which federal, state, and local governments regulate private property.
<http://law.wm.edu/academics/programs/jd/electives/clinics/vacoastal/documents/march2014reports/va-supremecourt.pdf>

U.S. Climate Change Policy Action at the State Level

This list, compiled by the Center for Climate and Energy Solutions, provides links to climate change legislation, statewide climate change commissions, and climate action plans around the U.S. The list is not exhaustive, but provides a good starting point for additional information.
